In compliance with the aforesaid MCA Circulars and SEBI Circulars and the applicable provisions of Companies Act, 2013 and rules made thereunder, and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the 47th AGM of the Company is being convened and conducted through VC / OAVM. The registered office of the Company shall be deemed to be the venue for the AGM.
2. An Explanatory Statement, pursuant to Section 102 of the Companies Act, 2013, relating to the special business to be transacted at the 47th Annual General Meeting ('AGM') is annexed hereto.

Information and facts as specified in the Regulations 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard-2 (SS-2) on "General Meetings" issued by the Institute of Company Secretaries of India, in respect of Directors seeking re-appointment at this AGM are also annexed to this Notice.
3. Since this AGM is being held pursuant to the MCA Circulars and SEBI Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form, Attendance Slip and route map of the AGM are not annexed to this Notice.
4. Attendance of the Members participating in the AGM through VC/OAVM facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

5. Relevant documents referred to in the Annual Report including Notice of AGM and Explanatory Statement are available electronically for inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email to csapminindustriestd@gmail.com.
6. In case of joint holders attending the AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
7. Pursuant to Section 72 of the Companies Act, 2013 read with Rule 19(1) of Companies (Share Capital and Debentures) Rules, 2014, members of the Company may nominate a person in whom the shares held by him/ them shall vest in the event of his/ their unfortunate death. Accordingly, members holding shares in physical form, desirous of availing this facility may submit nomination in Form SH-13 to RTA of the Company. In respect of shares held in dematerialised form, the nomination form may be filed with the concerned Depository Participant.
8. The Notice of AGM and Annual Report will be sent to those Members / beneficial owners whose name will appear in the Register of Members / list of Beneficial Owners received from the Depositories as on Friday, August 27, 2021.
9. All shares and dividend related correspondence may be sent to Registrar and Transfer Agent ('RTA') at the following address:

2. STATE OF COMPANY AFFAIRS & OPERATIONS

Our Company was operated in two business segment - Yarn & Finance and Investment till 31.03.2018. Pursuant to the scheme of arrangements under Section 230 to 232 of the Companies Act, 2013, between APM Industries Ltd. ('Demerged Company') and APM Finvest Ltd. ('Resulting Company') as approved by NCLT, Jaipur, the operations of the Finance and Investment divisions has been demerged w.e.f. 01.04.2018, hence in the financial year 2020-21 the Company operates in one segment i.e. "manufacturing and selling of yarn in India".

The Profit before Tax and Profit after Tax for the year under review for the yarn business amounted to Rs. 680 lakhs and Rs. 479 lakhs respectively as compared to Rs. 714 lakhs and Rs. 717 lakhs in the previous financial year.

The performance of the Company has been comprehensively discussed in the 'Management Discussion and Analysis Report' forming part of this Annual Report.

3. CHANGE IN THE NATURE OF BUSINESS, IF ANY

There is no change in the nature of business of your Company during the year under review.

4. IMPACT OF COVID-19 PANDEMIC

The outbreak of Covid – 19 and resultant nationwide lockdown by the Government of India/ State Government, in the month of March – 2020 led to temporary shutdown of manufacturing facilities of the Company. As the government of India/ State Government has relaxed lockdown conditions and has allowed the industries to resume the operations in phased manner, the Company has resumed its operations since May 04, 2020 conforming to the guidelines of the Government of India/ State Government.

As a result of the lockdown during the period March 21, 2020 to May 03, 2020, the Company's operations and financial results have been adversely affected. Therefore, results for the current year are not comparable to the previous year. The revenue from the operations and operating profits have decreased. The decrease is primarily attributable to Covid-19 related market volatility during the current year.

The second wave in March to May – 2021, further exacerbated the situation all over India/ World. Accordingly, the Company has assessed the impact of this Pandemic on its business operations and has considered all relevant internal and external information available up to the date of approval of financial results, to determine the impact on the Company's revenue from operations and the carrying value of certain assets such as property, plant and equipment's, inventories trade receivable.

The primary objectives of your Company's response to the pandemic are to ensure the safety and wellbeing of its employees and Partners to deliver on its commitments to customers in the true spirit of Partnership and to secure the financials and operational of the Company.

5. TRANSFER TO RESERVES

No transfer to reserve has been done in Financial Year 2020-21. The Company proposes to retain the entire amount of profits in the Profit and Loss Account.

6. EXPORTS

During the Financial Year 2020-21, the export turnover was NIL because the Company's thrust area for sale of its product is Domestic market only and the product of the Company is well recognized in domestic market, and having better profitability in domestic market as compared to export.

7. EXPANSION AND MODERNIZATION

The Company continues to modernize its plant and machinery and balancing equipment. The production capacity remains 55,584 spindles during the Financial Year 2020-21.

During the financial year 2020-21, the Company did not incur major expenditure on expansion/ modernization due to effect of Covid – 19 Pandemic and economic uncertainty.

For the financial year 2021-22, the Company has planned for capital expenditure of Rs. 18.25 Crore approx., which contains replacement of 30 No. old Ring Frames machines, 6 No. old Automatic Cone winding machines, 1 No. Draw frame machine (Additional) and up gradation of STP sewage treatment plant.

This would enable to the Company to save cost of production, improvement in quality and productivity.

8. DIVIDEND

Due to the COVID-19 pandemic and resulting economic uncertainties, profits of the Company can be deployed for the creation of reserves that can be used for modernization/ expansion and as a buffer against a crisis. As per the present circumstances, it may be wise to use profits of the Company to create reserves that may be deployed to cushion the fall in demand, if any, in the future.

Accordingly, the management of the Company has decided not to pay dividend from the profits pertaining to the financial year ended March 31, 2021.

9. CAPITAL STRUCTURE**Authorised Share Capital**

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

[Schedule V – Regulation 34(3) of SEBI (LODR) Regulations, 2015]

Introduction

Management Discussion and Analysis mainly comprise of the statements which, inter-alia, involve predictions based on perceptions and may, therefore, be prone to uncertainties. It is the sum total of the Company's expectations, beliefs, estimates and projections which are forward looking within the meaning of applicable laws and regulations. The actual results could differ materially from those expressed herein specifically or impliedly.

a) INDUSTRY STRUCTURE AND DEVELOPMENTS

The textile and apparel Sector is a major contributor to the Indian economy in terms of foreign exchange earnings and employments. India is the third largest textile manufacturing industry and contributes approximately 6% to the total textile production, globally.

The Indian textile industry is set for growth, buoyed by both strong domestic consumption as well as export demand. Rising per capital income and shift in customer preference to branded products is expected to revive the textile industry which has been severely impacted by the Covid – 19 Pandemic.

However, with positive sentiments for India, we expect to do well in coming years.

b) OPPORTUNITIES & THREATS

We expect that there will be good growth potential in the apparel sector. With the growth of automobiles, demand for technical textiles will also increase. The awareness of fashion amongst the young generation is pushing up the per capital consumption of textiles in India. The Government of India extended the Rebate of State and Central Levies AND Taxes (ROSCTL) scheme till March, 2024 to help the textile Exporters.

The Government of India is working on major initiatives and reforms in the textile sector, including launch of a Mega Integrated textile Region and Apparel Park Scheme to establish seven textile parks with state of art infrastructure, common utilities and R & D Lab over a three years period starting a focused Product Scheme Positioning the country as a global hub in the manmade fiber and technical textiles segment. Competitive advantage, robust demand, favorable government policies, increasing investments are expected to be the key drivers for revival of the industry.

The uncertainty in the market due to Spread of Covid- 19 pandemic is a threat to the industry. Also, there is a shortage of skilled/unskilled labour, which may affect the working of the Company.

c) SEGMENT-WISE PERFORMANCE

The Company has only one line of business, i.e., manufacturing of synthetic blended yarn during the year under review, hence no segment wise information is required. The Company has no activity outside India. Therefore, there is no geographical segment.

d) OUTLOOK

India is second largest producer and exporter of textiles after China and fourth largest producer and exporter of apparel after China, Bangladesh and Vietnam. The textiles and apparel industry constitute 12% of the total exports of India.

Exports have been a core feature of India's textile Sector. Indian textile and apparel exports were estimated at USD 35.5 billion in 2019 and is expected to grow at CAGR of 11% over the next decade to reach USD 100 billion by 2029. Export of both manmade textile and readymade garment have seen a major boost. A major factor behind the robustness of India's textile industry is its strong production base with a wide range of fibers and yarns.

To take advantage of the opportunities, the Company continues to modernize its plant and machinery and add balancing equipment to improve quality of products.

e) RISKS & CONCERNS

Volatile oil prices directly influence pressure on polyester fiber prices almost on daily basis. This cannot be passed on to the customers on a day to day basis. Hence, new element of risk has been introduced in the yarn industry. Also, the non-availability of trained/skilled man power is a matter of concern. The pandemic has also affected India, but the vaccination drive has picked up momentum Pan India and outlook remains positive.

f) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a professional internal control system, which provides adequate safeguards and effective monitoring of transactions. The Company has a strong internal audit system and an Independent Internal Auditor. The Internal Auditor reports to the Chairman and the Audit Committee of the Board. Personnel of the Internal Auditor conduct periodical audits in all the areas to ensure that the Company's control mechanism is properly followed and all statutory requirements are duly complied with.

g) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATING PERFORMANCE

The operating performance of the Company has been discussed in the Directors Report under the head financial summary and state of Company affairs/operations. The Profit before Tax for the year 2020-21 was Rs. 680 lakhs as against Rs. 714 lakhs in the year 2019-20. The profitability of the Company was affected due to fluctuations in raw material prices, particularly synthetic staple fiber, because of the fluctuations in crude oil prices. The profitability is also impacted due to the shutdown of the Company's plant from 22.03.2020 to 03.05.2020 under the lockdown announced by the state/ central government after the outbreak of Covid- 19 pandemic.

h) MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The Company treats its human resources as its most important asset and believes in its contribution to the all round growth of the Company. Your Company's progress is a reflection and outcome of the human resources it has. Your Company has fostered a culture of ownership, accountability and self-evaluation that encourages employees to continuously improve their efficiency. However, there was shortage of human resources in the year 2020-21, because of effect of Covid – 19 Pandemic. The industrial relations remained cordial throughout the year. As on March 31st, 2021 the Company had 2378 employees.

i) OVERVIEW OF THE COMPANY'S PERFORMANCE

During the year 2020-21, the production of synthetic blended yarn was 157 lakh Kgs as compared to 171 lakh kgs in 2019-20, which is lower than last year, because of lock down of plant for 33 days in April & May- 2020 due to Covid - 19 Pandemic & there after man power shortage. The gross revenue slightly decreased from Rs. 26992 lakhs to Rs. 23778 lakhs. This was due to shutdown of the Company's plant from 22.03.2020 to 03.05.2020 due to Lockdown announced by central/ State Government because of Covid – 19 Pandemic. Net profits reduced from Rs. 717 lakhs in 2019-20 to Rs. 479 lakhs in 2020-21, which was mainly due to variation in deferred tax liability and effect of Covid – 19 Pandemic.

The earnings per share for the year 2020-21 was Rs. 2.22 as compared to the previous year's Rs. 3.32.

j) LONG TERM AND SHORT TERM STRATEGY OF COMPANY**Water Conservation**

The Company has undertaken rain water harvesting for preservation of water and also increasing the water level in and around the Company's manufacturing facilities. The Company constructed 6 mini ponds outside the mill area for the purpose of water harvesting in line with 'JAL Swavlamban Abhiyan' of the Government of Rajasthan.

The Company has also constructed 8 No New water recharge wells in 4 ponds in the year 2020-21 for the purpose of Recharge ground water in two villages of tehsil Tijara (District- Alwar) Rajasthan.

Waste Water Utilization

The Company focused on the prudent utilization of waste water with the objective to put every drop to productive use.

All effluents discharged from the dye house are reused after treatment in the effluent treatment plant (including condensate from the MEE operation). 100% STP treated water is used for various activities including gardening.

We have installed Innovative Plate Heat Exchanger to recover heat from waste water effluent, wherein we have achieved significant saving in steam consumption and thus in fuel and boiler feed water requirement.

We are also planning to upgrade STP in the year 2021 – 22 to reuse treated water in process.

Renewable Energy

We believe that investment in renewal energy moderates carbon footprint, reduces energy costs, enhances power security and provides a long term insurance against an increase in power cost. The Company has invested Rs. 415 lakhs to commission roof top solar energy panels of 1.0 MW in 2017-18 with a payback period of around 5 years. The Company has also invested Rs. 616 Lakhs to commission ground mounted/ rooftop solar energy panels of 1.722 MW in 2019-20 with a payback period of around 4 years.

The proactive investments moderated the Company's carbon foot print and power cost.

These activities towards energy conservation reduced 33.07 Lakhs units energy consumption in the year 2020-21.

k) SIGNIFICANT CHANGES IN FINANCIAL RATIOS

During the year, the significant changes in the financial ratios of the Company, which are 25% or more as compared to the previous year are summarized below:

Financial Ratios	FY 2020-21	FY 2019-20	Change in %	Reason for Change
Debtors Turnover Ratio	12.30	10.17	20.94	-
Inventory Turnover (RM)	15.78	21.81	(27.65)	Due to increasing trend of raw material price
Interest Coverage Ratio	2.78	2.52	10.32	-
Current Ratio	1.42	1.37	3.65	-
Debt equity Ratio	0.24	0.40	(40.00)	Due to reduction in debt
Operation Profit Margin (%)	4.04	3.86	4.66	-
Net Profit margin (%)	2.02	2.67	(24.34)	-
Return on Net Worth (%)	3.63	5.37	(32.40)	Due to deferred tax assets in 2019-20

l) CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis describing the Company's expectations or predictions may be forward looking within the meaning of applicable laws or regulations. Actual results may differ materially from those expressed or implied.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF APM INDUSTRIES LIMITED
Report on the Audit of the Financial Statements**

1. Opinion

We have audited the accompanying financial statements of **APM Industries Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, along with the notes to the financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IndAS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and the profit (including other comprehensive income), its cash flows and changes in equity for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

3. Emphasis of Matter

We draw attention to Note 51 to the financial statements in which the Company describes the uncertainties arising from the Covid-19 pandemic and its consequential effects on the Company's operations as assessed by the management. Our opinion is not modified in respect of this matter.

4. Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the year ended March 31, 2021. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report:-

Key audit matter	How the matter was addressed in our audit
<p>Physical Verification of Inventories</p> <p>Due to the lockdowns imposed by the state governments on account of second wave of COVID-19 restricting the movement of the people, it was not possible for us to observe the physical verification of inventories held by the Company at various locations at the year end.</p> <p>However the management has duly conducted the physical verification of the inventories counting internally at all locations as at the year end and provided to us certified physical counting sheets for the purpose of inventory valuation.</p> <p>Since we could not attend the physical verification of inventories either at/post the balance sheet date, we have performed sufficient alternative audit procedures. These alternative audit procedures involved more efforts to ensure existence and conditions of the inventories at the balance sheet date.</p>	<p>Audit Procedures</p> <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> performing alternative audit procedures to obtain sufficient appropriate audit evidence regarding the existence and conditions of the inventories; obtaining and evaluating the adequacy of the inventory physical verification instructions prepared and issued by the management to determine if the instructions provided were appropriate and comprehensive; understanding process and evaluating the management's internal controls designed to establish the existence of inventory; testing the effectiveness of controls around the recording of inventory during the period of the audit; reviewing the process of periodic physical verification carried out by the management, the scope and coverage of the periodic verification programme and the results of such verification including analysis of discrepancies, if any;

- testing the analytical reviews performed by the Company such as consumption analysis and stock movement analysis for the year in respect of key items of raw material and finished goods; and

- ascertaining that these procedures indirectly provide evidence that stock balance actually existed as on the date to enable subsequent transactions indirectly support and corroborate the assertion of existence;

Based on our audit procedures, we considered the management's determination of quantities of inventories for the purpose of inventory valuation to be reasonable.

5. Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report, Corporate Governance Report and Management Discussion and Analysis, but does not include the financial statements and our auditor's report thereon. Other Information is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's Responsibilities Relating to Other Information'.

6. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

7. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls over financial reporting in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our Report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

8. Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in Annexure 'A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure 'B' to this report.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the Company has paid/provided the remuneration to its directors during the year in accordance with the provisions of Section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position as at March 31, 2021 in its financial statements- Refer Note 36 to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There was no amount outstanding as at March 31, 2021 which was required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of **APM Industries Limited**)

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
- (b) These Property, Plant and Equipment have been physically verified by the management during the year pursuant to a regular programme of physical verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us, title deeds and lease agreements of the immovable properties have been mortgaged with lenders i.e. banks as security for the borrowings raised by the Company. On the basis of our examination of the records of the Company and the copies of the title deeds and lease agreements available with the Company, the title deeds and lease agreements of immovable properties are held in the name of the Company.
- (ii) As explained to us, the inventories, other than Goods in transit, have been physically verified by the management during the year at reasonable intervals. In respect of Goods in transit at the year end, the necessary documentary evidences have been obtained. The discrepancies noticed on verification between physical stocks and book records were not material and have been properly dealt with in the books of account.
- (iii) According to the information and explanations given to us, the Company has not granted any loan, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the clause (iii) (a), (b) and (c) of paragraph 3 of the Order are not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, the Company has not granted any loan or made any investment or provided any guarantee or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the clause (iv) of paragraph 3 of the Order is not applicable to the Company.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year within the meaning of Section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014. Accordingly, the clause (v) of paragraph 3 of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us and on the basis of our examination of the books of account,

- (a) The Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employee State Insurance, Income Tax, Good and Service Tax, Custom Duty, Cess and other statutory dues, as applicable with the appropriate authorities and there are no undisputed statutory due outstanding at year end for a period of more than six months from the date they became payable.
- (b) Details of Income Tax, Excise Duty, Sales Tax, Service Tax, Custom Duty, Value Added Tax and Goods and Service Tax dues outstanding as at March 31, 2021 which have not been deposited by the Company on account of disputes, are given below:

Name of the Statute	Nature of Dues	Amount (Rs. in lakhs)	Period to which amounts relates	Forum where dispute is pending
The Central Excise Act, 1944	Excise Duty	138	Financial Year 2016-17	CESTAT, New Delhi
		3	April 2017 to June 2017	Assistant Commissioner, Bhiwadi
The Rajasthan Value Added Tax Act, 2003	Value Added Tax	4	Financial Year 2014-15	Tax Board, Ajmer
		3	Financial Year 2016-17	Tax Board, Ajmer

- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to any financial institution or bank. The Company has not borrowed any money from Government and has not issued any debenture.
- (ix) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. In our opinion and according to the information and explanations given to us, the term loans availed by the Company during the year were applied for the purpose for which they were obtained.
- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the provisions of Section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, the clause (xii) of paragraph 3 of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions with the related parties are in compliance with the Section 177 and 188 of the Act, where applicable and the details have been disclosed in the financial statements as required by the applicable accounting standard.
- (xiv) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debenture during the year. Accordingly, the clause (xiv) of paragraph 3 of the Order is not applicable to the Company.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transaction with its directors or persons connected with them covered under the provisions of Section 192 of the Act.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **APM INDUSTRIES LIMITED** ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standard on Auditing prescribed under Section 143(10) of the Act and the Guidance Note issued by the ICAI, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. Company Overview

APM INDUSTRIES LIMITED (the Company) having its registered office at SP-147, RIICO Industrial Area, Bhiwadi, Dist. Alwar-301019, Rajasthan India, is a Public Limited Company domiciled in India and is incorporated in India under the provisions of Companies Act, 1956. The company is engaged in the business of manufacturing and selling of Man-made Fibre's Spun Yarn and Sewing Thread. The corporate office of the Company is located at 910, Chiranjiv Tower, 43, Nehru Place, New Delhi-110019, India.

2. Basis of Preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

3. Significant Accounting policies**3.1 Statement of Compliance**

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended, the relevant provisions of Companies Act, 2013 and guidelines issued by the Security and Exchange Board of India (SEBI), as applicable.

3.2 Critical Accounting Judgments and Key Sources of Estimation Uncertainty

The preparation of the financial statements in conformity with the Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the year presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Although these estimates are based upon the management's best knowledge of current events, actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

Discount rate used to determine the carrying amount of the Company's defined benefit obligation: The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Contingences and commitments: In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, company treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, the company do not expect them to have a materially adverse impact on the financial position or profitability.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Income Taxes: The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions.

Useful lives of Property, Plant and Equipment: As described in Note 3.7, the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

Allowances for Doubtful Debts: The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgment and estimates.

Inventory Write Down: The company evaluate nature of inventory, aging, liquidation and plan of disposal to ascertain write down value of inventory.

Rebates, Incentives and Discount to Customers: The Company's contracts with customers include promises to transfer goods to the customers. Judgement is required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as schemes, incentives, cash discounts, etc. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period.

Estimates of rebates and discounts are sensitive to changes in circumstances and the Company's past experience regarding returns and rebate entitlements may not be representative of customers' actual returns and rebate entitlements in the future.

3.3 Operating Cycle and Current versus Non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification in accordance with Part-I of Division- II of Schedule III of the Companies Act, 2013.

An asset is treated as current when it (a) Expected to be realized or intended to be sold or consumed in normal operating cycle; (b) Held primarily for the purpose of trading; or (c) Expected to be realized within twelve months after the reporting period, or (d) The asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when (a) It is expected to be settled in normal operating cycle; or (b) It is held primarily for the purpose of trading; or (c) It is due to be settled within twelve months after the reporting period, or (d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, results in its settlement by the issue of equity instruments do not affect its classification. The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its normal operating cycle.

3.4 Revenue Recognition

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Cost to obtain a contract

The Company pays sales commission to its selling agents for contracts that they obtain for the Company. The Company has elected to apply the optional practical expedient for costs to obtain a contract which allows the Company to immediately expense sales commissions (included in selling and distribution expense under other expenses).

Costs to fulfill a contract i.e. freight, insurance and other selling expenses are recognized as an expense in the period in which related revenue is recognised.

Interest Income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Dividend Income

Dividend income from investments is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

3.5 Segment Reporting

Operating segments are those components of the business whose operating results are regularly reviewed by the Chief Operating Decision making body in the Company to make decisions for performance assessment and resource allocation. Operating Segment are reported in a manner consistent with the internal reporting provided to accounting policies are in line with the internal reporting provided to the Chief Operating Decision maker.

3.6 Foreign Currencies

Functional and presentation Currencies: The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

Transactions and translations: Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign-currency-denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in net profit/(loss) in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit or loss for the period in which the transaction is settled. Revenue, expense and cash flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

3.7 Property, Plant and Equipment

The Company had applied for one time transition exemption of considering their carrying cost on the transition date i.e. April 01, 2016 as the deemed cost under Ind AS, regarded thereafter as historical cost.

Property, plant and equipment (PPE) are initially recognized at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and capital work in progress) less their residual values over the useful lives, using the straight- line method ("SLM") in the manner prescribed in schedule II to the Act. Management believes based on a technical evaluation (which is based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.) that the useful lives of the assets as considered by the company reflect the periods over which these assets are expected to be used. Such classes of assets and their estimated useful lives are as under;

S. No.	Category of Assets	Useful life
1	Building	30-60 years
2	Plant and Equipment	25 years
3	Electrical Equipment	10 years
4	Power Generation Unit	40 years
5	Furniture and Fixtures	10 years
6	Office Equipment	5 years
7	Vehicles	8-10 years

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful life and depreciation method are reviewed at each financial year end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognized in statement of profit and loss. Fully depreciated assets still in use are retained in financial statements.

3.8 Capital Work-in-Progress and Intangible Assets under development

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

3.9 Intangible Assets

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The Company amortizes intangible assets with a finite useful life using the straight-line method over the useful lives determined by the terms of the agreement /contract. The estimated useful life considered for the intangible asset is given below:

S. No.	Category of Assets	Useful life
1	Computer Software	6 years

The estimated useful life is reviewed annually by the management.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined as the difference between sales proceeds and the carrying amount of the asset and is recognized in statement of profit and loss.

3.10 Impairment of Property, Plant and Equipment and Intangible Assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the Statement of Profit and Loss.

3.11 Income Tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognized in Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current Tax: Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax: Deferred income tax is recognized using the Balance Sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognized only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of a deferred tax asset is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Minimum Alternate Tax (MAT) credit is recognized as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance

Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

3.12 Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Leases are classified as finance leases whenever the terms of lease transfer substantially all the risks and rewards of ownership to the lessee. Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. The Company's lease assets primarily consist of leases for land and buildings.

The Company as a Lessee

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.13 Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.14 Inventories

Inventories of raw materials and stores and spare parts are valued at lower of cost on Weighted Average Cost and net realizable value. Cost of raw materials and stores and spares is determined on weighted average cost method. Cost comprises all cost of purchase, taxes and other cost incurred in bringing the inventories to their present location and condition. Devaluation allowance is estimated and made for old, defective and obsolete items, wherever necessary.

Work in progress and finished goods are valued at lower of cost on Weighted Average Cost and net realizable value. Cost includes direct material, labour, cost of conversion and other overheads incurred in bringing the inventory to their present location and condition.

Saleable scrap, whose cost is not identifiable, is valued at net realizable value.

Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion/costs necessary to make the sale.

3.15 Non-derivative Financial Instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

a. Investments and Other Financial Assets

Cash and cash equivalents: The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks, cash-in-hand and term deposits having original maturity of three months which are unrestricted for withdrawal and usage.

Trade Receivables Trade receivables are initially recognized at fair value. Subsequently, these assets are held at amortized cost, net of any expected credit losses.

Debt Instruments: Debt instruments are initially measured at amortized cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

Equity Instruments: All investments in equity instruments other than in subsidiary classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis.

b. Investments and Other Financial Assets – Subsequent Measurement

Financial assets at amortized cost: Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI): Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

Financial assets at fair value through profit or loss (FVTPL): Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in the statement of profit and loss.

c. Financial Liabilities

All financial liabilities are initially recognised at fair value. The financial liabilities include trade and other payables, other financial liabilities, loans and borrowings.

d. Financial Liabilities - Subsequent Measurement

Financial liabilities are measured at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, carrying amounts approximate the fair value due to the short maturity of these instruments.

e. Derecognition of Financial Instrument

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of financial liabilities) is de-recognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

f. Offsetting of Financial Instruments

Financial assets and financial liabilities are set off and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

g. Impairment of Financial Assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the equity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

3.16 Impairment of Non-Financial Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of such reporting period.

3.17 Exceptional Items

Items of income or expense from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Company are disclosed as Exceptional items in the Statement of Profit and Loss.

3.18 Borrowing Costs

General and specific borrowing costs (including exchange differences arising from foreign currency borrowing to the extent that they are regarded as an adjustment to interest cost) that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

3.19 Employee Benefits

Employee benefits consist of short-term obligations, contribution to employee's state insurance, provident fund, gratuity fund and compensated absences.

A. Short Term Obligations

Liabilities for wages and salaries including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees' services upto the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

B. Compensated Absences

The employees are entitled to accumulate leave upto 30 days for future encashment and availment as per the policy of the Company. The liability towards such unutilized leave as at the yearend is determined based on independent actuarial valuation and recognized in the Statement of Profit and Loss.

The classification of the Company net obligation into current and non-current is as per the actuarial valuation report.

The Company fully contributes all ascertained liabilities demanded by Life Insurance Corporation of India for Employee Company Leave Encashment cum Life Assurance (Cash Accumulation) administered by it.

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The Company presents the leave as current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement beyond 12 months after the reporting date. Where the Company has unconditional legal and contractual right to defer the settlement for the period beyond 12 months, the same is presented as non-current liability.

C. Defined Contribution Plans

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company provident fund contribution is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

D. Defined Benefit Plans

The Company operates defined benefit plan in the form of gratuity. The liability or asset recognized in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the said obligation is determined by discounting the estimated future cash out flows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest expenses are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest expense on the net defined benefit liability or asset is recognized in the Statement of Profit and loss.

The Company fully contributes all ascertained liabilities to the APM Industries Limited (Unit Orient Syntex) Employee Gratuity Fund Trust ('the Trust'). Trustees took the policy from Life Insurance Corporation of India to administer contributions made to the Trust.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in the Statement of Profit and loss as past service cost.

3.20 Borrowings

Borrowings are initially recognized at net of transaction costs incurred and measured at amortized cost. Any difference between the prospects (net of transaction costs) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowing using the effective interest method.

3.21 Manufacturing and Operating Expenses

The Company classifies separately manufacturing and operating expenses which are directly linked to manufacturing activities of the company.

3.22 Earnings Per Share (EPS)

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Equity shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of equity shares outstanding, for the effects of all dilutive potential Ordinary shares.

3.23 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed, where an inflow of economic benefit is probable. An entity shall not recognize a contingent asset unless the recovery is virtually certain.

3.24 Indian Accounting Standards issued but not effective as on March 31, 2021

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of Profit and Loss

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

3.25 Law enacted but not effective

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Indian Parliament's approval and Presidential assent in September 2020. The Code has been published in the Gazette of India and subsequently, on November 13, 2020, draft rules were published and stakeholders' suggestions were invited. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

41. Financial risk management and policies**41.1 Capital Risk Management****(a) Risk Management**

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to the shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order

to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary, adjust, its capital structure.

The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and cash equivalents. Total capital is calculated as equity as shown in the balance sheet plus all other reserves attributable to equity shareholders of the Company.

(c) The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants.

41.2 Financial-Risk-Management

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support the Company's operations. The Company's principal financial assets comprise cash and bank balance, trade and other receivables.

The risk management policies of the Company are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company is exposed to market risk, credit risk, liquidity risk and operational and business risk. The Company's management oversees the management of these risks to ensure the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Company's policies and risk objectives. The major risks are summarised below:

a) Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the market price of financial instruments. The value of financial instruments may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, borrowing strategies and ensuring compliance with market risk limits and policies.

a)(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates

a)(i)(1) Exposure to interest rate risk related to borrowings with floating rate of Interest**(Rs. In Lakhs)**

Particulars	As at March 31, 2021	As at March 31, 2020
Total Borrowings	3,209	5,214

a)(i)(2) Interest Rate Sensitivity**(Rs. In Lakhs)**

Basis Points	Financial year 2020-21	Financial year 2019-20
50 basis point increase would decrease the profit before tax by	(16)	(26)
50 basis point decrease would Increase the profit before tax by	16	26

b) Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to import of machinery, store and spare and other materials. The Company's foreign currency risks are identified, measured and managed at periodic intervals in accordance with the Company's policies.

c) Credit Risk:

Credit risk is the risk that counterparty will default on its contractual obligations resulting in financial loss to the company. The Company has adopted a policy of dealing with creditworthy customers.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as actual or expected significant adverse changes in business, operating results, financial or economic conditions, credit risk on other financial instruments and third party collateral guarantees or credit.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables based on historical trend, available external and internal credit risk factors such as financial condition, ageing of accounts receivable etc., industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends.

As at March 31, 2021, the company did not consider there to be any significant concentration of credit risk, which had not been adequately provided for. The carrying amount of the financial assets recorded in the financial statements, grossed up for any allowances for losses, represents the maximum exposure to credit risk.

d) Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's treasury team is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

42.2 Fair Value Hierarchy:

- (i) This section explains the judgments and estimates made in determining the fair value of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standards.

(Rs. In Lakhs)

Particulars	March 31, 2021			March 31, 2020		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
(1) Financial Assets and Financial Liabilities measured at FV recurring FV measurement						
	-	-	-	-	-	-
(2) Financial Assets and Financial Liabilities measured at Amortized cost for which FV are disclosed

(a) Loans	-	-	16	-	-	20
(b) Security Deposit	-	-	54	-	-	70
(c) Lease Obligations	-	-	60	-	-	63

- (ii) Measurement of fair values

The above table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Input other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or the liabilities that are not based on observable market data (unobservable Inputs).

- (i) Fair value of financial assets and liabilities measured at amortised cost :-

(Rs. In lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Security Deposit	54	70
Loan	16	20
Lease Obligations	60	63

- (ii) The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short-term receivables, trade payables, other current liabilities, short term loans from banks and others approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.
3. For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

43. Income Tax Expense

51. The Company's operations and revenue have been impacted during the year on account of disruptions in economic activities on account of Covid-19 pandemic. The management believes that the overall impact of the pandemic is short term and temporary in nature and is not likely to have any significant impact on the future operations and the recoverability of the carrying value of its assets. However, the management is continuously and closely monitoring the developments and possible effects that may result from the pandemic on its financial condition, liquidity and operations. As the situation is still continuously evolving, the eventual impact of the pandemic may be different from the estimates made as of the date of approval of these financial statements.
52. All amounts in the financial statements and notes have been rounded off to the nearest lakh as per requirement of Schedule III except per share data and as otherwise stated. Figures in brackets represent corresponding previous year figures. Previous year's figures are regrouped / rearranged to confirm current year presentation.
53. The Financial Statements were authorised for issue by the Board of Directors on May 31, 2021.
