The above is an extract of the detailed format of financial results for the quarter and six months ended September 30, 2021 filed with the Stock Exchange under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of financial results for the quarter and six months ended September 30, 2021 are available on the Stock Exchange websites $(\underline{www.bseindia.com} \text{ and } \underline{www.nseindia.com}) \text{ and the Company's website } (\underline{www.simbhaolisugars.com}).$

For the six months ended September 30, 2021 and in earlier years, the Company has incurred losses due to high sugarcane costs fixed by the state government, and comparatively lower prices of finished sugar due to higher production which are determined by the market forces based on demand-supply situation and other market dynamics. Due to above-stated external factors, the company had incurred huge losses in past resulting in complete erosion of it's net worth. This has resulted in delay in meeting the payment obligations to the lenders and sugarcane farmers in terms of their respective agreements and understanding. Although, the operations of the Company remained intact at sub-optimum levels over the years and it has been continuously striving for improvement in operation efficiency in form of improvement in sugar recovery, reduction in overheads and other costs etc. The Company has successfully completed crushing for Sugar season 2020-21 in all of its three sugar mills with better operational performance

Recognizing the status of the sugar industry, the state and central governments have taken a number of measures to improve the financial health, support for liquidation of cane arrears, fixing minimum obligation for exports to manage the sugar inventory and providing subsidy to compensate export expenses, fixing minimum support price of sugar, and mandatory blending of ethanol with petrol with long term tendering and providing remunerative price of ethanol etc. All these measures have resulted in revival of the sugar industry and the financial performance of the company has also improved during the year. Further, pursuant to an order of Hon'ble High Court of Uttar Pradesh, the Uttar Pradesh sugar industry as well as the Company is confident to receive accrued benefit from the state government under the erstwhile New Sugar Industrial Promotion Policy (NSIPP 2004-09).

On account of delays in servicing of loans, certain lenders to the Company have initiated recovery proceedings at various forums including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under the Insolvency and Bankruptcy Code 2016 and approached Debt Recovery Tribunals in Delhi and Uttar Pradesh as well. Against a criminal complaint filed by one of th lenders with the investigating agency, the Enforcement Directorate had passed an attachment order on certain assets of the Company to the extent of Rs. 109.80 Crore, against which the Company has preferred an appeal with the appropriate authority and the matter i sub-judice. Enforcement Directorate had proceeded to take the constructive possession of the attached property on which an interior stay has been granted by the Hon'ble Appellate Tribunal. The Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders. The majority of commercial

lenders have shown their inclination to accept the debt resolution proposal and accepted the Earnest Money offered thereof while Deb realignment proposal was submitted to other lenders against which Company has started the repayments as per the plan. Considering the steps initiated for achieving turnaround of the Company and sugar sector, ongoing discussions with the lenders for resolution of their dues and continuing manufacturing operations in near foreseeable future with improved operational efficiency, these financial statements are continued to be presented on going concern basis, which contemplates realization of assets and settlement of liabilities in the normal course of business. Accordingly, property, plant and equipment's are continued to be stated at carrying amount without testing for impairment, if any.

In preparation of these financial results for the quarter and six months ended September 30, 2021, the Company has taken into account the possible impact of COVID-19.

The credit facilities availed by the Company have been classified as non-performing assets (NPA) by all the lenders and interes thereon is not being charged to the loan accounts by commercial lenders as per RBI's circular. The Company has submitted comprehensive debt resolution proposals with all the lenders to commensurate with its future cash flows. The majority of commercia lenders have shown their inclination to accept the debt resolution proposal (OTS Proposal) of the Company and accordingly accepted the offered Earnest Money Deposit. Accordingly, the Interest expenses pertaining to commercial lenders, for the quarter and six months ended September 30, 2021 amounting to Rs. 4,382,77 and Rs. 8,517,89 lacs respectively (previous quarter and six month ended September 30, 2020 amounting to Rs. 3,736.50 lacs and Rs. 7,329.77 lacs) has not been recognized in profit and loss account A total amount of Rs. 61.434.26 lacs towards accrued interest has not been provided for in the books of accounts as on September 30

The Hon'ble High Court of Uttar Pradesh had directed the state government to determine the interest liability for the period of delayer payments of sugarcane price to cane growers for sugar seasons 2012-13 to 2014-15 by the UP sugar industry. No demand, pursuan to the order and for subsequent period has since been received by the Company. Considering this and also prevalent past practice: no such provision towards the interest on delayed payment of cane price has been made in the accounts.

In the audited financial statements of Simbahaoli Power Private Limited ("SPPL") for the year ended March 31, 2020, the statutor auditor of the SPPL has drawn Emphasis of Matter in respect of following "During the year ended March 31, 2020, Uttar Pradesh Electricity Regulatory Commission ('UPERC') has notified UPERC (Captive and Renewable Energy Generating Plants) Regulations 2019 ('CRE Regulations, 2019') which has, inter alia, reduced the tariff applicable to bagasse-based generation plants operating in the state of Uttar Pradesh w.e.f. April 1, 2019. SPPL, along with bagasse-based co-generators operating in the State, have filed a wri petition with Hon'ble High Court of Allahabad, Lucknow Bench, challenging CRE Regulations, 2019 which have been accepted by th

Based on the writ petition filed and legal opinion obtained, SPPL has recorded revenue from operations for the period from April 2019 to September 2019 at pre CRE Regulations, 2019 tariff instead at the reduced tariff as per CRE Regulations, 2019. W.e.f. October 1 2019. SPPL has accounted for sale of power to Uttar Pradesh Power Corporation Ltd. (UPPCL), the customer at reduced tariff rat under protest and subject to outcome of Hon'ble High Court decision on writ petition.

SPPL's computation, shows that revenue from operations for year ended March 31, 2020 would have been lower by Rs. 683 lacs. accounted for at or basis reduced tariff as per CRE Regulations, 2019.

With regard to the above stated conditions and on account of difference in interpretation of certain long term commercial agreements the statutory auditors of SPPL have drawn material uncertainty related to going concern. In the consolidated financial results of the Company for the six months ended September 30, 2021 and for the year ended March 31 2021 and for all the preceding quarters, the financial results of SPPL, a material subsidiary has not been consolidated, as the financial

results of SPPL have not been yet finalized and approved till date. The transactions entered into between the Company and SPPL for the six months ended September 30, 2021, which have not beer eliminated in the consolidated financial results, have resulted in increase in the total revenue by Rs. 774.84 lacs and total expenses by Rs. 386.81 lacs. Further, increase in the balances of subsidiary of Rs. 1257.54 lacs have been included in the consolidated balance

sheet in the respective assets heads. Integrated Casetech Consultant's Private Limited (ICCPL), a subsidiary company, had recognised revenue of Rs. 462.57 Lakhs as unbilled revenue in respect of certain customers in accordance with the terms of agreement entered into between ICCPL and customers

as the customers had not accepted the claims of the ICCPL on account of certain disputes. ICCPL moved to arbitration for the settlement of disputes and expects that the matter will be settled in its favour. Accordingly, the unbilled revenue had been carried on at the same amount and final adjustments, if any, will be made after arbitration award.
